Faribault Falcons Wrestling

The past 21 years Faribault coaches, alumni, and friends have put together a fun filled day for all to enjoy. We would like to invite all Wrestling Fans to the 22nd Annual Faribault Wrestling Golf Classic. Last year was a great success and we hope to have continued success this year. It's always impressive to see the faces of alumni, family, and friends who have played a part in the rich history of Faribault Wrestling.

**Show your support for
Faribault Wrestling
See you on the GREEN!**

Young and coming up Strong!!!

Faribault Wrestling made another giant leap in its quest to reclaim its spot among the state's elite programs. With the effort of many dedicated individuals, the program once again turned heads as they perform at high levels from Youth to High School.

Beginning in October, the Youth In-House Program once again displayed its power in numbers with kids participating from every city elementary. Academy Hawks (Divine Mercy, Lutheran School, MSAD, and STEM) won the team championship over Lincoln followed by Jefferson and Roosevelt. The City Championship again saw a packed gym of fans and excellent wrestling as everyone walked away a winner!

The Youth continued their season with many joining the club program, "The Green Machine". Again, we saw great numbers as well as individual performances. Faribault was represented at many local, region, and state tournaments while representing the Falcons with great pride! The club again went to many team tournaments during the season winning their pool at the 40-team STMA tournament, top 4 at the tough Cannon Falls tournament, and winning the TCU tournament for the third consecutive year.

After never making the NYWA Team State Tournament, the Green Machine made it three years in a row with yet another state appearance after finishing in the top 5 last year. However, it was a year of the individual performances! Bo Bokman became the first Faribault youth wrestler to capture state championships at both NYWA and MNUSA! The Green Machine advanced 9 individuals to MNUSA State and advanced 8 individuals to NYWA State! JT Hausen became the first Faribault youth wrestler to capture a Midwest Tour Belt (top 6 at three national tournaments). After both winning NYWA State last year, Hausen and Elliott Viland took 2nd Place at MNUSA State this year. Also at MNUSA State, David Tonjum also took 1st Place and Charlie Chambers took 2nd Place. Also placing at NYWA State were Hausen (2nd), Trever Holmberg (3rd), Owen Farmer and Riley Stoltz (6th).

The Middle School Wrestling Program continues to grow both in numbers and skill development. The 6-8th Grade program enjoyed another very successful year on the mat and in the classroom. Many individuals accepted the offer to wrestle on the 9th Grade team, JV and even varsity team, once their middle school season concluded in January. Not only did they accept the challenge, they flourished.

The High School Team was incredibly young, maybe the youngest in the history of the Faribault Wrestling Program with a starting line-up that included three 7th graders, an 8th grader, three 9th graders, three sophomores and four juniors. Despite their youth, Faribault still finished in the top three in the conference with a 14-10 record. Tony Avila, Ryan Mullenex and Felipe Ramirez were named All-conference and Austin Rendler was honorable mention. Mullenex also went over 100 career wins and placed in top 8 at USA Preseason Nationals in a 90-man bracket. The team also continued its success in the classroom by being named an All-academic team for the 16th consecutive year!

The 2014-15 season also saw the return of the 9th Grade team which was cut several years ago. The team finished with only one defeat on the year and sent four individuals to the 9th Grade State Championships where Austin Rendler finished 5th, Charlie Chambers finished 4th, and Dillon McEachran won the State Championship.

...Yes, the future is looking bright for the Falcons.
